

# Nonpartisan League May Control Republican Party of Minnesota

BY DAVID LAWRENCE  
St. Paul, Minn., June 17.—First impressions are not always conclusive but the reaction of this part of Minnesota to the nomination of Senator Harding is on the whole rather favorable. And yet, reasons entirely apart from the personality of the Ohio Senator make it possible even at this early date to write Minnesota down as a doubtful state.

**Swallows Republican Party**  
For the truth is the nonpartisan league has practically taken possession of the republican party in Minnesota and the league's candidate for governor in next week's primary is regarded even by opponents of the league as certain of nomination. Now the nonpartisan league was very friendly with William Johnson and this state was for Johnson. Harding is not acceptable to the nonpartisan league because of his conservatism and with the elimination of Johnson, the league's vote probably will go toward Senator J. A. Follette or whoever happens to be the nominee of the party soon to be started at Chicago by the famous committee of forty-eight.

**Will It Help Democrats?**  
Indeed if the nonpartisan league captures the republican primaries in the gubernatorial race, democrats and republicans alike who are not in sympathy with the philosophy of the nonpartisan league will be urged to fuse their strength in support of the democratic candidate. With a republican state ticket favored, by the nonpartisan league and a democratic state ticket supported by all parties, the vote on presidential may be divided into three parts which means that the normally large republican vote could easily be split so that no section of it would be as big as the normal democratic vote and the democrats might win the electoral vote of Minnesota. The result will depend upon the outcome of next week's primaries but it will not be forgotten that this is Roosevelt territory and Johnson was a bridge over the river.

**On the Other Hand**  
The conservatives in the state, on the other hand, are rather glad that Johnson was beaten and they are confident Senator Harding need not worry about the outcome in November. Many Irish democrats are deeply grieved over Johnson's defeat. They are among the most bitter critics of the Wilson Administration and were all prepared to enter the republican party. Just where they now will go is hard to say but it is doubtful if they will vote the democratic ticket unless something concrete is pledged toward the cause of Irish freedom. And if they do not vote the democratic ticket, they will probably be found supporting Mr. J. A. Follette or the Hearst ticket. If there is one. They received a rude shock by the emission of the republican platform from the republican platform and are now waiting to see what the democrats shall promise at San Francisco.

**Wet and Dry Question**  
The wet and dry issue will also enter into St. Paul's decision. This is a town of decidedly moist prejudices. In all probability a democrat will be sent to congress for one of the democratic candidates has announced himself on a platform which he himself calls "winging wet." Any such statement or hint of the same thing by the head of the democratic ticket would win here though it would lose votes elsewhere in the state.

Johnson would have been an ideal republican candidate in Minnesota. He was damp enough and radical enough and anti-Wilson enough and anti-league-of-nations enough to catch most everybody. This state started out very favorably inclined toward the league of nations. Reservations were of course advocated by republican newspapers, few of whom saw any terrible menace in the idea of a league. But when Johnson came up here and started things in the opposite direction.

**Believe in Harding**  
Business men and conservative democrats and republicans see great opportunities in the election of Harding. Radicals, and they are numerous here, see only confirmation of the methods of the "capitalistic" regime which they palaver about so often hereabouts. They call the republican "Old Guard" who chose Harding, the real minority trying to rule the majority. Conservative democrats and republicans fully expect

**Reaction Against Wilson**  
The reaction against the Wilson administration is even greater than it was a year ago. The request for a national holiday on the anniversary of the public sentiment here at least, was an ill-advised move. It was looked upon as proof of the argument that the league of nations meant the sending of American troops abroad. The democratic presidential nominee will have to give convincing evidence of an intention to steer clear of internationalism to hold the democratic vote—and, as said before, holding the democratic vote of 1916 might mean a democratic victory here if, as seems likely, the republican party is split by the machinations of the nonpartisan league.

## CHEESE MAKERS HELD FOR TRIAL BY CIRCUIT COURT

Waukesha, June 17.—With the binding over of William Fassbender of the Menomonee Falls cheese factory, and Louis Cuffman, president of the Cocoonut Cream and Cheese company, by Judge Thomas of an action brought by George J. Veigle, state dairy and food commissioner, under the Hood statute forbidding the use of substitutes of fat for butter in cheese, the battle being made by the defendants and their attorneys that coconut oil was used in the cheese, the case has commenced in earnest. The specific charge is that coconut oil was used in the cheese.

George J. Veigle, state dairy and food commissioner, says this case raises again the same question that was supposed to have been solved in 1892 when the state dairy industry faced absolute ruin owing to the manufacture and sale of filled cheese as its product.

Cheese dealers in London and other great world markets absolutely barred Wisconsin cheese. Through the efforts of the late Gov. Howard there was passed, at that time the "filled cheese law," Revised Statutes, 4607C, under which the present prohibition is being made. This prohibited the use of other than butter fats in cheese. The cheese manufacturers of the state at once ceased the use of foreign fats in cheese, and there was no need of prosecution and case came up. Mr. Veigle said, has there been need of prosecution, and this will be the first test of the law of 1892 in the higher courts.

## CHILDREN GIVE ENTERTAINMENT

Clinton, June 17.—The children of the Junior Chautauque gave a delightful entertainment Tuesday evening, each month of the year being represented by them in actions and song, which as well done, considering the short time they had to prepare in and the storm in the evening. "The Taming of the Shrew" by the "Kentworth Players" was also good. Mrs. Martha Stoughton gave her lecture on "Weal and Commonweal" in the afternoon, which was considered one of the best lectures ever given here. The rain made it very hard for her to speak, but she held the attention of the large audience.

Franklin and Robert Ames, Elgin, are visiting their grand parents, Mr. and Mrs. Albert White. Miss Blanch Latta and Mr. Russell Shawl were married Saturday, June 12, by Rev. A. W. Triggs at St. Atkinson. And have gone to house-keeping in Mrs. Shurtliff's house, corner of Cross and School streets. Both are well known here and have a host of friends who wish them many years of happiness. Announcements have been received by relatives of the marriage of Miss Flora Marie Shanklin, Saturday June 12, at Lawrence, Kansas, where Mr. Boynton has been teaching. Mr. Boynton is a son of Mr. Jerome Boynton Bradford, and will be remembered by some as a member of the Cheney Quartette, who were here a few years ago. Congratulations are extended to them. Mrs. Frank Reider was able to return home last Thursday, from the Beloit hospital, where she underwent a serious operation. Postmaster Roy Stewart has been re-elected for another four year term. Mrs. Raymond Cronquist and two children, Duluth, are visiting her mother, Mrs. Minnie Mayberry and other relatives. Charles Korb were called to Madison Tuesday evening by the death of his sister. Mr. and Mrs. Winter Northrup are at their cottage at Delavan Lake for the summer. Clarence Dresser, Madison, is visiting his parents Mr. and Mrs. W. E. Dresser and other relatives. Miss Anna Jacobson who has been teaching at the Blind Institute, at Janesville, is home for her summer vacation.

## Maley & Wertz Use RED CROWN GASOLINE

We quote their letter of Oct. 1st.  
Mr. W. J. Lang, Manager, Standard Oil Company, City.  
Dear Sir:—  
We have been using Red Crown Gasoline in all of our trucks and pleasure cars for quite awhile, and are well pleased with the results obtained and the service given by your people. We haul logs into Evansville from all directions for a distance of from 18 to 20 miles, and over all kinds of roads. When our log truck was not pulling as it should, one of your employes made a trip to the country with our truck driver and adjusted the carburetor so as to make the engine pull better and reduce the amount of gasoline used. We certainly appreciate service of this kind, and that is the reason that we have been giving you our business. Yours very truly, MALEY & WERTZ, Per (Signed) Wm. S. Partington.

## RED CROWN Gasoline Will Give You Splendid Service

It is made especially for the modern automobile engine and for no other purpose. As such it has no superior. No fear of hard pulls with Red Crown in your tank. It is the same gasoline that Pershing used in the heavy tanks abroad. We make it and we know what it contains.

Red Crown delivers to your rear wheels all the power your engine can develop—sustained power—smooth, rhythmic power. You can move on schedule with Red Crown in your tank. It starts easily, winter or summer, enables your car to get away quickly, and to accelerate smoothly. We guarantee the uniformity of Red Crown.

## News Notes From Movieland

BY DAISY DEAN

We whispered to you last week that Bebe Daniels might be a star for Famous-Players-Lasky and now the news has been affirmed that the vivacious and naughtily little tramp has signed a contract with Lasky which provides that she is to be starred by that company. Miss Daniels like many of the newer stars is a graduate of comedy. She first attracted attention when playing opposite Harlow Lloyd in that bespectacled youth's frothy films. Cecil De Mille liked her looks and engaged her to play a part in his special production "Everywoman." That was less than a year ago. Her latest work is that of a tramp in "Why Change Your Wife?"

**STUDIO GOSSIP.**

So much has been said about Fritz Brunette's record as leading lady for Warren Kerrigan—the, is now on her sixth successive picture—that it was believed there was nothing more to record. It now transpires, however, that Robert Brunton, the producer of the Kerrigan pictures, has decided to be the manager of four pictures to be made by Kerrigan under his present contract.

Harry Carey recently appeared in person on a local stage and after leaving in two very expensive sombreros, found his tongue and delivered what was considered a very intelligent speech: "I thank you!"

## BOWER CITY BAND TO LAY PLANS FOR WEEKLY CONCERTS

Plans for a series of weekly concerts in court house park by the Bower City band this summer, will be discussed at a meeting of the band, Tuesday evening. It is hoped to arrive at a definite plan regarding the program, Charles Gibson, president, states. Last year the concert appropriation was \$100. This year it is expected, the balance being raised by solicitation of subscriptions from merchants. It is probable a similar course will be pursued this year. The Chamber of Commerce may be asked to handle it. The council committee on public buildings has been instructed to investigate the recent offer of union carpenters to do work gratis on a proposed combination bandstand and comfort station. It is probable that nothing can be done this year because of shortage of municipal funds.

## W. S. PERRIGO LOSES COW AND HORSE, HIT BY LIGHTNING

Lightning struck a horse and a cow belonging to W. S. Perrigo, member of the county board, on a farm a short distance east of Beloit on Tuesday afternoon and instantly killed both. The cow was a head and valued at \$800. The horse was a saddle animal and valuable. Right in that vicinity some damage was done by the storm. John Green, helper, who was burned down, all windows in the John Klingberg barn were blown out, and sheds belonging to William Busker were blown down. Early Wednesday morning there were two great displays of fireworks visible to the people of Janesville, who took the trouble to get up and watch. Lightning was incessant and there was an unending roar of thunder. Two great battles were being fought in the skies and the barage fire was the most spectacular seen about Janesville for years.

Efforts on the part of the Gazette on Wednesday to locate any electric damage north, east or south were failures because there was none. All Rock county got was a rain, heavy, deluging and welcome to the farmers. But in and around Milwaukee the storm was disastrous. The Menominee river rose and swept some small houses and many boats away in the city. Central City and Watertown were under water. Scheiterville, Thiensville, Menominee Falls, and practically every town and village in Ozaukee, Washington and the northern and eastern part of Waukesha counties were inundated by cloudbursts. Railroad tracks at Rugby Junction, Janesville, and Thiensville delayed all and Myrtle Mallin, Newark. Promises of a double marriage are held out in the applications of the family's brother and sister, traffic on the lines of the Soo and St. Paul north of Milwaukee.

## EWING HOME FROM TWO YEARS' WORK AMONG COOLIES

Rev. C. E. Ewing returned Tuesday from a two years' trip abroad, where he was in Y. M. C. A. service in France. His duties took him through the devastated regions of France down to the border of Spain. His work was with the Chinese coolies behind the lines. He was successful on account of his experience as a missionary in China and his consequent familiarity with their language and customs. He was especially valuable as a series of lectures which he had prepared on the causes and ideals of the world war, especially adapted for the Chinese. He has been stationed at the front where the Chinese were collected and sent back to their own country.

County—Mercury Falls  
35 Degrees.

It's a long way from 35 degrees to 55, but that 20 degree difference was experienced within a little more than 24 hours in Janesville with the coming of the storm yesterday which increased to considerable extent during the night. As a result, people today were wearing top-coats and sweaters and shivering where as yesterday evening they were sweating in light raiment.

About 40 local phones on the Bell system and 25 on the Rock county went out of commission last night due to the wind. Long distance telephone lines between here and Beloit on both systems, and to Milwaukee on the Bell were temporarily broken. Telegraph lines were also disturbed.

Many trees and branches were blown down in the city. No injuries to pedestrians were reported.

The rainfall was reported as 1.31 inches for yesterday afternoon and last night.

No damage to crops was learned of today.

## 400 COPIES OF PHOENIX GIVEN OUT AT J. H. S.

Nearly 400 copies of the 1921 Phoenix were given out to pupils of the high school this morning. The books arrived yesterday from Madison, where they were printed by the Democrat company. Mr. Stewart of the faculty got the first book. The biggest rush was made at 8 o'clock when all pupils returned to school this morning, after being through with exams for almost a week, to get their marks and see their advisers.

As 500 books were printed, it is expected that some, who were not planning to buy, will now be able to get a copy.

The book is bound in gray-blue cloth with a cover design stamped on in gold leaf. It contains more than 200 pages, larger than most high school annuals.

It has 11 inserts printed in blue on cream colored paper and has many illustrations. One of the features of the book is the limericks after the name and picture of each member of the junior and senior class. Another feature is the large amount of advertising, business men of the city helping greatly.

The six pages at the end of the book are autographed and popular throughout the morning, all the students getting their classmates' and teachers' signatures.

The book is selling for \$2.50, the raise over two years ago being necessitated by the triple cost of printing.

Jesse Gage, high school reporter for the Gazette, deserves especial credit for his work as editor-in-chief of the Phoenix. He was well assisted throughout by the following staff: Elizabeth Sayles, assistant editor; Margaret Cooper, chat editor; Robert Grubb, business manager; Leon Curtis, assistant business manager; John Smith, circulation manager; Margaret Bailey, assistant; Dorothy Oestreich, class editor; Gwen-dolyn Carmichael, faculty and society editor; Chad Newman, athletics editor; Claire Kinney, art editor; Robert Bliss, advertising manager; and Raymond McCue, assistant. Chat reporters were: Seniors, Miriam Decker; Juniors, Isabel Morris; Sophomores, Ruth Francis; and Freshmen, Helen Louise Wilcox and Isabel Stephenson. Historians were: Seniors, Rosemary O'Brien; Juniors, Mabel Nott; Marian Schaller; Sophomores, Ruth Bailey and Priscilla Mudgett; and Freshmen, Carol Adam and Florence Smiley.

## Your Neighbor Got Sick

Some time ago when a neighbor of yours got sick, you wondered why he was so cheerful—in fact his cheerfulness helped him to get well.

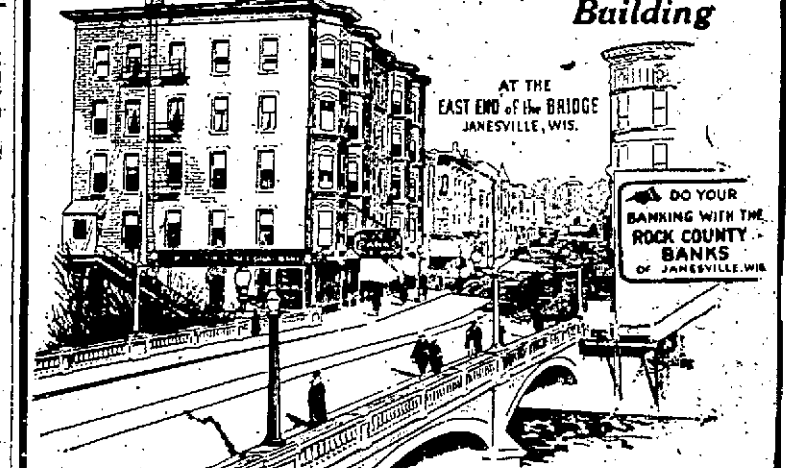

The secret of this man's freedom from worry will be worth thinking about. There were two reasons:

- 1—he had made his Will and appointed the Trust Bank as his Executor. He knew the best possible arrangements had been made in case he should die.
- 2—and he had a reasonable amount of life insurance so that his family would be taken care of.

Freedom from worry is possible to those who plan wisely. Come in and talk with us about your plans for the future.

## Singles Win as Rain Fails To Mar Lakota Club Powow

"Wet Grounds" and an equally wet sky failed yesterday to dampen any activities planned by the Lakota club for their annual picnic. The clubmen had been looking forward to the outing for weeks and a little rain, more or less, would not have deterred them. The picnic was held at the new wavy at Lake Koshkonong.

Neath a darkened sky vividly lighted by an electrical display the baseball game was played. The score was 12 to 9, but the score does not indicate the superior playing of the home team. The game was a tight, up-hill battle all through with the victors playing consistent ball and getting their share of hits and runs off Doc Richards.

## BELOIT ADMITS SAMMIES ARE A GOOD BALL CLUB

Fairies Are Hitting .290 as a Team—Have Won 325 Games in Five Years, Lost 52.

Hey, fellows, chuck up your hats and give three rousing cheers. Beloit admits that Janesville has a ball club.

Here's what the News has to say down there:

"Fans who will see the Fairies in action against the Samson Tractor crew will see two real clubs."

Then the representative newspaper of the Gateway City goes on to quote from a Fair-bank-Morse official, to-wit:

"When you consider that the Samsons are familiar with the Fairies style of play and the fact that they are a Janesville team with an earnest desire to win, it is evident that the battles of Saturday and Sunday will be no sewing circle affairs."

Average With Stick .290

That surely sounds good as a starter. We were beginning to think that the only thing in this series in the eyes of the bugs to the south was Beloit. We are glad that we were mistaken.

But what about these Fairies? As a team, they are batting well and playing in well-oiled unison. The average of their stick work is .290 and they are bowling along in good style in every other branch of the game. Their leading batter is Milo Allison, center fielder, with an average of .460. Murphy, catcher, averages .413 and .412 respectively, while Hemmingway, third sacker, is making .358. Still, shortstop, .334, the same mark as Baldy Zabel, pitcher, and Thomas, left field, is hitting .300.

325 Wins in 5 Years

The Fairies ball club was organized in 1915, and to the end of the 1919 season had played 305 games, winning 310 and losing 95. This record has been brought up to date with 325 wins and 62 losses. Only six games have been played in the five years of their playing together.

The famous team is as follows: Leo Murphy, catcher, joined the club in 1918. He formerly played with St. Louis, St. Paul, Milwaukee, Chicago, and Pittsburgh.

George Zabel, pitcher, joined the club in 1917. He formerly played with Kansas City, Los Angeles, Chicago, Cubs, Toronto.

Herbert Kemman, pitcher, joined the club in 1916. He formerly played with Toronto, Brooklyn, New York Giants.

Mike Prendergast, pitcher, joined the club in 1915. He formerly played with Peoria, Chicago, Peas, Chicago Cubs, Philadelphia, Nationals.

Nate Tiller, pitcher, joined the club in 1915. He has never played professional baseball.

Roy Hansen, pitcher, is a Beloit boy, who started with this club in 1914. He played in 1919 with Milwaukee, and started this season with Peoria, but has returned to the Beloit club.

John Sullivan, pitcher, joined the club this season. He has played with Moine, Wichita, White Sox, and was the pitching mainstay of the famous Camp Grant club in 1913.

Jimmy Ebert, captain and utility, joined the club in 1915. He has played with Kansas City, Salt Lake City, Chicago, White Sox.

Buster Keane, first base, joined the club in 1915. He has played with Grand Rapids, Indianapolis, Pittsburgh.

Eddie Holloway, second base, joined the club in 1917. He has played with Springfield, Rockford, Houston.

Meibourne Stoll, shortstop, joined the club in 1918. He has played with Grand Rapids, Peoria, Columbus.

Eddie Hemmingway, third base, joined the club this season. He has played with Houston, Birmingham, Omaha, Philadelphia, Nationals.

Roy Baxter, right field, joined the club in 1918. He has played with St. Paul, Chicago, Springfield, Rockford.

Allo Allison, center field, joined the club in 1918. He has played with New Orleans, Memphis, Chicago, Cubs, Cleveland.

Ray Thomas, left field, joined the club in 1915. He has played with Terre Haute, Chicago, St. Paul, Harold White, second catcher, and Harold Phillips, utility, are Beloit boys, who started with this club in 1915.

## BRINGING UP FATHER

## RUTH'S EIGHTEENTH! CUBS BLANK BOSTON

AMERICAN LEAGUE

Babe Ruth made his eighteenth homer and the Yanks defeated the White Sox 7 to 4. He also made a triple. Rain halted the game 45 minutes after the eighth.

With Tobin making both runs, St. Louis beat Philadelphia 2-1 and scored its seventh straight victory.

Terry lost his own game in the ninth, passing one batter hitting another and allowing Walker's return.

Other games postponed, rain.

The Cubs were lucky enough to blank the Braves and win 1 to 0, making it three straight for Boston.

Rain halted the Pittsburgh-Philadelphia game in the third with the score 0-0.

No other battles were scheduled.

AMERICAN ASSOCIATION

Two straight from the Brewers was the result for the Toledo club.

The score stood at 2 to 1. Milwaukee opened the scoring in the first inning, but failed to keep the lead.

## TREMAINE HISSSED AS PAL MOORE WINS

Toledo, June 17.—Pal Moore, the Memphis flash, easily defeated Carl Tremaine in their twelve-round bout here last night. Moore won nine of the twelve rounds. This is the second time the two have met. Tremaine got the paper decision in the other hands. Moore weighed in at 114 and Tremaine at 117 pounds.

Tremaine got in wrong with 3,000 fans when he hit Moore a savage blow in the tenth while shaking hands. Moore had just knocked Tremaine down while he was off balance and was shaking hands to show Tremaine he did not do it purposely.

The crowd roundly hissed Tremaine for his action and continued the hissing all through the remaining rounds.

Moore outdistanced the crowd all through the fight but his flashy work and dazzled Tremaine with his fine footwork.

King and Queen See Races at Ascot Heath

Ascot Heath, England, June 17.—The second day of the Ascot races drew another great crowd, including representatives of the world of fashion. King George and Queen Mary, together with Princess Mary, were present. The Royal Hunt Cup was for three years old and upward at 7 1/2 furlongs was won by Red Walk-er's Square Measure. Glenmarin was second and Star Shot third.

Johnson and Tilden Survive at London

London, June 17.—William T. Johnston of San Francisco, and William T. Tilden of Philadelphia, are the only Americans who have survived in the singles of the London tennis championship to the last eight. R. Norris Williams was defeated by the English veteran, Ritchie, who is 50 years old. Major Dudley defeated C. S. Garland of Pittsburgh. Tilden, the American champion, was in excellent form.

## CONLEY MAY UMPIRE FOR AMERICAN LEAGUE

Chicago, June 17.—President Ban Johnson of the American league has been looking over the local semi-pro staff of umpires with the idea of signing one as an extra man for his staff. He is kind of sweet on Pipes Conley and has called him in for a conference.

Pipes Conley umpired in Janesville last Saturday and Sunday in the Rogers Park games.

Heated may also be described as a fine feeling which so often exists between relatives.

**TOMAH.**—The harvest of Wisconsin's strawberry crop is on and prospects point to one of the biggest crops ever grown. Growers are obliged to pay pickers 25 cents per quart, and fear they cannot secure enough at that price to harvest the crop. One and one-half cents a quart is the highest price paid previously.

**MILWAUKEE.**—W. H. Bender, rent administrator, will leave Thursday for Washington, Philadelphia, New York and other cities to study the administration of new rent legislation. Mr. Bender was not able to obtain office before he left, but expects to be ready for business immediately after his return next week.

## Added 50% To Tire Mileage

A Boston tire dealer, for three years, has gathered data on Miller Tires. And he reports as follows:

Users find their tire mileage increased from 50 per cent to 75 per cent.

Blow-outs have been eliminated.

Uniform mileage has been accomplished.

Only six tires in 1,000 come back for adjustment—only five Miller Cords in a year.

A Louisville dealer compared wear and mileage on 116 styles of tires which he repaired. The constant Miller supremacy has caused him now to handle the Miller Tires only.

A California stage line made million-mile comparisons with 21 leading makes. And the Miller won by long odds.

You owe yourself a comparison on your own car. The Miller is the tire of the day.

## Make the Attic Livable

Insulate your roof with Flaxlinum and the attic will be as comfortable as the rest of the house

# FLAXLINUM

Keeps the House Warm in Winter—Cool in Summer—Saves 1/3 of Coal Bill

**O**WING to the unprecedented demand for dwellings many an old house will be rebuilt in the next few years. And many an old house could have a room or two added by utilizing the attic.

Lots of attic space is now going to waste because it is too hot in summer and too cold in winter—an inherent defect in the ordinary method of building homes. The difficulty lies in the fact that the roof does not afford proper protection from the weather.

Flaxlinum is built to overcome this difficulty. "Insulate" the walls and roof of the attic with it and the attic will be as livable as the rest of the house.

Flaxlinum applies the principle on which your refrigerator is built to house construction. A half-inch of Flaxlinum is equivalent in heat and cold resistance to thirty thicknesses of building paper or to four solid inches of back plaster.

It stops the passage of heat and cold through walls and roof, and so insures comfort for the year round. In winter, by holding in the heat and keeping out the cold, it makes the house warm, regardless of blizzards and sub-zero weather; and does this at a

saving of 30 to 40 per cent. of your coal bill. In summer it works the other way around, and by keeping out the heat, makes a house 10 to 15 degrees cooler. Even if you are not going to use the attic for living quarters it will pay you to insulate it, for the roof is the big heat leak in winter—and the big exposure to the heat of the sun in summer.

No special construction is necessary to apply Flaxlinum. It comes flanged to fit between the studding for side walls, and in flat sheets for roof insulation. Easily and quickly applied. For side walls we recommend half-inch Flaxlinum; for roof three-quarters or one-inch.

For stucco houses, Flaxlinum Keyboard gives you the insulating value of Flaxlinum in a strong, rigid stucco base. Keyboard is built up of half-inch Flaxlinum, high-grade asphalt-saturated, waterproof paper and No. 1 white pine beveled lath.

Flaxlinum products are sold by leading building material dealers everywhere. They are specified by architects and endorsed by contractors. If you do not know the name of your nearest Flaxlinum dealer, write us.

Free sample and literature sent on request. In writing, please state what kind of building you are interested in.

## DAIRYMEN WIN BOYCOTT FIGHT

Milk Producers of County  
Shut Out Former Big  
Buyers.

Milk producers of Rock county and southern Wisconsin have won their fight against the boycott placed upon them by the Nestle Food Co. and Armour & Co., according to information given out following a meeting of the County Milk Producers association here. As the situation now stands, according to the dairy-men, they have practically shut out the former big buyers who are now coming to the producers begging for cream with which to keep their plants running.

Since the laying on of the boycott by the large companies two months ago, the farmers, through the Co-operative Marketing association, found other sources for the disposition of their cream and are keeping the skimmed milk for their own use. As a result Nestle and Armour, it is stated, are now willing to pay the current price of \$2.75, whereas before they refused to pay more than \$1.55. The attitude of the farmer against these concerns now is, according to the reports, that they can take second place and buy only the surplus after they have disposed of their cream through the marketing company.

County Milk Inspector  
Another victory which has been won by the dairyman, according to R. T. Glasco, county agent, is the approval and appointment of James W. Hill as county milk inspector by State Dairy Food Inspector Wiegler. This man will be paid by the farm bureau under supervision of the state. His duties will be to visit the factories and creameries where milk is handled, take samples of the milk as delivered by the farmers, and samples of that in the factories. His test and that of the creameries must not vary more than 2 per cent under the state law.

To Have Laboratory Here  
This inspector will establish a laboratory in this city at which he will make all his tests. He now has his equipment here and will soon open an office.

Two years an official tester was secured in this county, but his services were dispensed with because he was supported only through voluntary contributions. The present inspector has been procured for the protection of the farmers. It is explained, because of expressions of dissatisfaction among them that they are not getting the proper return of test from the factories and creameries.

## ITALIAN IS CRUCIFIED BY INDIANS, LIVES

Mexico City—Dr. Jose di Gabriele, the Italian religious zealot, who was crucified by the Indian inhabitants of Tequitizatlan, Oaxaca, last Good Friday, arrived recently in Mexico City, en route to his home in Pachica, apparently little the worse physically, but still harboring his beliefs.

Dr. Gabriele appeared in Oaxaca early in Lent, proclaiming himself to be the Savior and so worked on the superstitious and ignorant Indians that they crucified him, using railway spikes to nail him to a rude cross. He was taken down the next day and survived his ordeal, being viewed by thousands on Easter. News of the crucifixion reached the capital of the state, Tehuantepec, and the governor ordered Dr. Gabriele brought there. A great procession followed the cart in which he was transported. Later the mayor of Tequitizatlan, who acted as the Roman centurion and four other prin-

cipal figures in the crucifixion, were arrested.

## Great Opening for Bridge Builders in Rumania

Constantza, Rumania—Owing to the general destruction of bridges during the war there is an exceptional opportunity in Rumania for American bridge builders. A bridge over the Danube to connect Rumania with Serbia is being considered by the Rumanian government. There are 13 important bridges in other parts of Rumania awaiting reconstruction. In addition, the great bridge over the Danube at Cernavoda, in many respects the greatest structure in Europe, must be reconstructed. This bridge, known as the King Carol Bridge, is 1260 feet long and 114 feet above high water.

## Japan Ambitious to Get South Sea Islands Trade

Tokio.—Japan is ambitious to obtain a larger share of the trade of the South Sea Islands. Of this Japanese exports amount to only one an done-half percent but have in-

creased rapidly since the war. Some Japanese commercial leaders are advising that in order to increase the sale of Japanese goods in the South Seas Japan must import from the islands rubber, sugar, chemicals, dye stuffs and spices in which these islands abound. President Kimura, of the Singapore Japanese Emporium, urges that Japan establish direct trade agencies with Sumatra and Manila for expansion of Japanese trade.

## Cost of Pauperism Is Appalling Says Britisher

London.—The cost of British charity has increased 1000 per cent in the last 20 years despite the enormous expenditure on insurance, unemployment, old age pensions and various other forms of public assistance. J. R. Marriott, member of parliament has told the Charity Organization society that he estimated the present charity total at £250,000,000 for the year as compared to £25,000,000 20 years ago. "We are manufacturing pauperism at an appalling rate," said Mr. Marriott.

## ADVENTISTS WILL HOLD CAMP MEETING AT STATE CAPITAL

Madison, June 17.—Arrangements have been completed for holding the annual camp-meeting of the South Wisconsin conference of Seventh-day Adventists in Madison, which will continue for ten days, from June 24 to July 4. The camp will be located on the fair grounds on the south side of the city, and just a little way to the right from the end of the

South Madison street car line. A city of 125 tents will be erected to accommodate those who are coming from many different parts of the state. Among the cities that will be represented in the gathering will be Milwaukee, Fond du Lac, Grand Rapids, Racine, Oshkosh, Green Bay, Watertown, Stevens Point, Sheboygan, Marshfield, Appleton, Janesville, La Crosse, Eau Claire and many other places.

Besides the 125 tents for living places which will be arranged in orderly fashion, there will also be pitched large canvas pavilions for the main business section, and for preaching purposes, the meetings for the young people and children, ser-

vices in other languages, a dining tent where meals will be served on the cafeteria plan, a literature tent where Bibles, gospel books, periodicals, and tracts will be on exhibition, and a reception tent where visitors can rest.

The camp-meeting to be held in Madison will represent the outlay of a large sum of money, but the leaders consider it profitable investment in building up gospel work throughout the state, and it is said that the services that will be held are a moral uplift and distinct benefit to any community. Delegates have been chosen by the different churches in the conference who will elect officers and transact such other business as may come before them. Not only do the delegates attend, but many others of the memberships come also.

Elder E. A. Bristol, president of the South Wisconsin conference, will be chairman of the entire convention. One of the prominent features of the camp-meeting will be the evening service, starting at 7:30 o'clock, with a song service by the choir that will be under the direction of Professor S. C. Hammon. This choir will be chosen from voices from all over the conference, and some inspiring gospel music is promised.

A woman finds her in fiction, life or in the drama, but a man is his own hero.
